### **Bilingual Dictionary:**

A bilingual dictionary gives words in two languages. Each language is grouped alphabetically in separate halves of the book, with translations into the other language.

A monolingual dictionary uses the same language for the words and their definitions.

### **Etymological Dictionary:**

An etymological dictionary traces a word's development over time, giving historical examples to show changes.

### **Crossword Dictionary:**

A crossword dictionary has words grouped together by the number of letters in the word to help people find words of a certain length to complete their crossword puzzles.

### **Rhyming Dictionary:**

A Rhyming Dictionary is one where words are grouped together by their end sounds. When two words end with the same sound, they rhyme, used more frequently in poetry than prose as an effect.

A mini-dictionary is a little dictionary, also called a pocket dictionary.

### **Pocket Dictionary:**

A pocket dictionary is a small portable dictionary designed to be carried around. Consequently, they often have tough covers to withstand the perils of travelling.

### **Thesaurus:**

A thesaurus is a book that organizes words by categories and concepts, so synonyms and near-synonyms will be grouped together.

**Glossary:**

A glossary is a list of words or phrases used in a particular field with their definitions. Glossaries are often found at the back of a specialist or academic book as an appendix to the text.
