SUBJECT NAME: INTERNATIONAL MARKETING

TOPIC NAME: INTERNATIONAL MARKETING ENVIRONMENT
Environment consists of forces. Environment is made of such controllable and uncontrollable forces. It is the environment that determines favorable or unfavorable conditions, and hence, provides either opportunities or threats and challenges. Degree of one’s success, to a large extent, depends on effect of marketing environment and ability of the firm to respond effectively. International marketing environment covers all the relevant global forces influencing international marketing decisions.
These forces may be internal (such as resource ability and management attitudes), may be domestic (such as government policy toward international business and facilities), and global (such as overall international business environment of relevant part of the world). However, discussion of global forces is more relevant as they are major considerations in international marketing.
DEFINITIONS:

- We can define the word ‘international marketing environment as under:
  - 1. International marketing environment is a set of controllable (internal) and uncontrollable (external) forces or factors that affect international marketing. International marketing mix is prepared in light of this environment.
  - 2. International marketing environment consists of global forces, such as economic, social, cultural, legal, and geographical and ecological forces, that affect international marketing decisions.
  - 3. International marketing environment for any marketer consists of internal, domestic, and global marketing forces affecting international marketing mix.
FACTORS OF INTERNATIONAL MARKETING ENVIRONMENT:

- Factors or forces involved in the international marketing environment can be classified into three categories as stated in the figure 1. Manager dealing with international marketing has to design his marketing mix and marketing (mix) strategies in accordance with these forces.
- He has to keep in mind the present them and expected impacts of such forces while taking international marketing decisions. The environment determines the degree of favorableness for any marketer for international marketing; determines level of opportunities and threats.
(a) Global Factors
International Uncontrollable Environment

(b) Domestic Factors
Domestic Uncontrollable Environment

(c) Organisational Factors
Internal Marketing Environment

Product  ↔  Price

Promotion  ↔  Place

International Marketing Decisions

figure: three level international marketing environment
