मोहाल, दिनांक 24.04.13
Ordinance of P.G.D.C.A. Course
(to be effective from July 2012 session)

1) The Course of study for the P.G.D.C.A. (Post Graduate Diploma in Computer Applications) course shall be of two semesters extended over one academic session and shall consist of two semesters.

2) The eligibility for admission in P.G.D.C.A. shall be as follows:

(a) Graduation in any discipline from a recognized university.

3) There shall be university examination at the end of each semester (ordinarily one in Nov./Dec. and the other in April/May) and the candidate shall have to pass separately in each semester examination.

4) Subject to the provision of this ordinance, the scheme of examination, the syllabus and text books will be prescribed or recommended in connection with any subject for any of the examination covered by this ordinance and the conditions on which the students shall be admitted to such examination, shall be in accordance with the provision made by the academic council after considering the recommendations of the Board of Studies in Computer and the Faculty of Engineering Sciences.

5) The assessment of the candidate will be based on internal assessment, practical examination and the end semester examination as prescribed in the scheme of examination. The internal assessment scheme shall be prepared by the staff council of the School of Studies in Computer Science & Applications.

6) A candidate failing in maximum two courses of first semester examination shall be allowed to continue in the second semester and will be allowed to reappear in the courses of first semester he/she failed along with the concerning ensuing semester examination as an ex-student. Same rules will apply on second semester as well. These examinations will be known as back paper examination.

7) No candidate shall be allowed more than two attempts as an ex-student in particular semester. If a candidate does not succeed in this attempt too, he/she will have to leave this course.

8) Candidates reapplying at an examination in a subsequent year shall be examined in accordance with the scheme and syllabus in force at that time.

9) Result of a candidate who has passed the higher examination but failing in back papers of lower examination will be withheld till he clears the lower examination.

10) The standard of passing shall be as follows:

(a) In order to pass a P.G.D.C.A. examination of any semester a candidate must obtain at least
   a) 40% of the maximum marks in theory, sessional and practical examination separately in each subject.
   b) 50% of the maximum marks in aggregate at the end of a academic session.
A distinction will be awarded in P.G.D.C.A. on the following basis. Marks obtained in I and II semesters of P.G.D.C.A. will be added.

75% of the aggregate and above: First division with distinction.
60% of the aggregate and above: First division.
50% of the aggregate and above: Second division.

Ordinance of M.C.A. Course
(to be effective from July 2011 session)

1) The Course of study for the M.C.A. (Master of Computer Applications) shall be of six semesters extended over three academic sessions and shall consist of three parts.
   a) The first part, extending over two semesters (one academic session) shall be referred to as FIRST M.C.A.
   b) The second part, extending over two semesters (one academic session) shall be referred to as SECOND M.C.A.
   c) The third part, extending over two semesters (one academic session) shall be referred to as THIRD M.C.A.

2) The eligibility for admission in M.C.A. shall be as follows:

   A candidate seeking admission to M.C.A. Course should be a Graduate of any UGC/AICTE approved Indian University or from a foreign University recognized by Association of Indian Universities (AIU) or Institute recognized by the concerned University as equivalent thereto. The Bachelor’s degree must be of minimum three years duration in any discipline with Mathematics as compulsory or an additional subject at either Higher Secondary (10+2) or at Graduation level. Candidates with Bachelor of Computer Application (B.C.A.) degree of minimum three years duration are also eligible for admission.

3) There shall be university examination at the end of each semester (ordinarily one in Nov./Dec. and the other in April/May) and the candidate shall have to pass separately in each semester examination.

4) Subject to the provision of this ordinance, the scheme of examination, the syllabus and text books will be prescribed or recommended in connection with any subject for any of the examination covered by this ordinance and the conditions on which the students shall be admitted to such examination, shall be in accordance with the provision made by the academic council after considering the recommendations of the Board of Studies in computer and the Faculty of Engineering Sciences.

5) The assessment of the candidate will be based on internal assessment, practical examination and the end semester examination as prescribed in the scheme of examination. The internal assessment scheme shall be prepared by the staff council of the School of Studies in Computer Science & Applications.

6) A candidate failing in maximum two courses of any semester examination shall be allowed to continue in the next semester and will be allowed to reappear in the courses he/she failed along with the ensuing semester examination as an ex-student. These examinations will be known as back paper examination.

7) No candidate shall be allowed more than two attempts as an ex-student in particular semester. If a candidate does not succeed in this attempt too, he/she will have to leave this course.
8) Candidates reappearing at an examination in a subsequent year shall be examined in accordance with the scheme and syllabi in force at that time.

9) Result of a candidate who has passed the higher examination but failing in back papers of lower examination will be withheld till he clears the lower examination.

10) The standard of passing shall be follows:
    In order to pass a M.C.A. examination of any semester a candidate must obtain at least
    a) 40% of the maximum marks in theory, sessional and practical examination separately in each subject.
    b) 50% of the maximum marks in aggregation at the end of a academic session.

11) The Division will be awarded in third M.C.A. on the following basis. Marks obtained in I and II M.C.A. will be added to the aggregate marks obtained at the III M.C.A.

   75% of the aggregate and above: First division with distinction.
   60% of the aggregate and above: First division.
   50% of the aggregate and above: Second division.
