URL: http://www.jiwaji.edu/

Organizing Committee

Chief Patron
Prof. Sangeeta Shukla
Vice-Chancellor
Jiwaji University,
Gwalior

Patrons
Prof. R.J. Rao, Rector
Jiwaji University, Gwalior

Prof. Anand Mishra
Registrar
Jiwaji University, Gwalior

Organizing Secretary
Dr. J. N. Gautam, Professor & Head
School of Studies in Library & Inf. Science
Jiwaji University, Gwalior (M.P.)

Joint Organizing Secretary
Prof. Hemant Shrama
Dr. R.G. Garg

Members
Prof. D.C. Tiwari
Prof. Rajeev Jain
Prof. A. K. Shrivastava
Prof. R. A. Sharma
Prof. S. K. Shukla
Prof. Ashok Sharma
Prof. A.P.S. Chauhan
Prof. G.B.K.S. Prasad
Prof. I.K. Patro
Prof. A.K. Singh
Prof. D.N. Goswami
Prof. O.P. Mishra
Prof. S.K. Singh
Prof. K.S. Thakur
Prof. Yogesh Upadhyay
Dr. Ganesh Dubey
Dr. Shantidev Sisodia

Invitation

Organizing Committee with immense pleasure invites you to participate in **The National Workshop on Library Automation and Content Management Using Open Source Software 11th-15th February 2016** at School of Studies in Library and Information Science, Jiwaji University, Gwalior (M. P.). The workshop will comprise of both theory and hands on training under the supervision of experts in the field.

About Workshop

The technologies have changed the face of almost every profession, revolutionized the use, storage and retrieval of information, knowledge and content. Information technology has become an indispensable tool for all operations and services. Library Automation and Content Management is an important expertise for information and knowledge professionals. Many organizations across the world are working on library automation using open source software, publishing contents on web using open source Content Management System (CMS) and so on. This workshop will

provide practical training and theoretical aspects of "KOHA" Library Automation and "Joomla" Content Management software.

KOHA is an open-source Integrated Library Management System that includes modules for circulation, cataloguing, acquisitions, serials, patron management, branch relationships, etc. It is built using internationally accepted library standards and protocols (such as MARC21, Z39.50, etc.) which ensure interoperability between KOHA and other systems. More details about KOHA can be found at http://koha-community.org

Joomla is an Open Source Integrated Library Management System (CMS) it can be used for simple website development of complex integrated web portals. It is an easy to install, simple to manage, and reliable. More details about Joomla can be found at www.joomla.org.

The Participants will have an opportunity to learn the process of building a database-driven Web site with dynamic content and explore a set of resources focused on library automation. Tutorials and practical sessions will cover building, designing and configuring dynamic professional websites using Joomla and cost affective library automation using world class free and open source software KOHA.

In this background **School of Studies in Library and Information Science, Jiwaji University, Gwalior (M.P.)** has designed a five days National Workshop for library professionals on "Library Automation and Content Management using Open Source Software".

The following topics will be covered

- ➢ Open Source Software (OSS) and its application in the Libraries.
- ➢ KOHA and its use in managing libraries
- ➢ Installation of KOHA& its Customization
- ➢ Use of various modules of KOHA
- ➢ KOHA Data Migration
- ➢ Content Management System for Managing Library web site & Portal.
- ➢ Joomla Open Source Software its Installation and Management
- ➢ Integrated web site development using Joomla.

Objectives

Objectives of the workshop are as follows:

i. To develop an expertise by providing a through training, tutorial, demonstration and hands-on practice on Library Automation and Content Management.

ii. To equip the participants for managing KOHA and Joomla.

iii. To exchange information, knowledge and experience on KOHA and Joomla.

iv. To sensitize and update the professionals, research scholars and academic community about Content Management.

Training Outcomes

The workshop will be of immense benefit to all involved in maintenance collections, content and libraries, such as LIS faculty, libraries and information professionals. After successful completion of the workshop the participants will be able to deploy/ install KOHA and Joomla on their own computer/ server, automate library, migrate bibliographic data from structured format to MARC21 format and develop web portal/ web site.

Target Group

Workshop is intended for Library and Information Science Professionals, Researchers and LIS students. The limited participants will be allowed to participate on first come first served basis.

About Department

School of Studies in Library and Information Science, Jiwaji University, Gwalior (M.P.) was established in the University in 1984 to impart quality education and modern skills in the field to the students of the region leading to Bachelor's Degree in Library and Information Science and Master Degree in Library and Information Science. The Department is extensively engaged in teaching, research and career guidance too. The majority of the pass outs from the department have occupied good positions throughout the country. In the new millennium, the department is planning to establish a highly efficient computerized information system in the University. This job oriented course has been modernized with use of the latest equipment in teaching and training at degree, post graduate and research level.

About Jiwaji University, Gwalior

Jiwaji University came into existence on May 23, 1964. Late Dr. Sarwapalli Radhakrishnan the then president of India laid the foundation stone on 11ᵗʰ December 1964 at sprawling campus at naulakha pared ground. The mono of the university is embedded in its logo 'विद्या प्राप्यते तेजः' The territorial jurisdiction of the university is spared over the district of Gwalior, Bhind, Morena, Syopur, Guna and Ashoknagar. The University has over 400 affiliated government aided and private colleges under its jurisdiction.

About Gwalior

Gwalior is a historic and major city in the Indian state of Madhya Pradesh and one of the Counter-magnet cities. Located 319 kilometres (198 mi) south of Delhi the capital city of India, Gwalior occupies a strategic location in the Gird region of India. The city and its fortress have been ruled by several historic northern Indian kingdoms. From the Tomars in the 13th century, it was passed on to the Mughals, then to the Marathas in 1754 followed by the Scindias in 18th century.

Gwalior's metropolitan area includes Lashkar Gwalior (Lashkar Subcity), Morar Gwalior (Morar Subcity), Thatipur and the city centre.

Note – This workshop will be more focused on hands-on sessions, therefore participants are requested to preferably bring their own laptops which may be of additional benefit to them.
