

SCHOOL OF STUDIES IN ENGINEERING AND TECHNOLOGY

Programmes Offered :

1. B.E. Electronics (Four years / Eight semester)
2. B.E. Chemical (Four years / Eight semester)
3. B.E. Electronics and Telecommunication (Four years / Eight semester)
4. B.E. Computer Science (Four years / Eight semester)

Profile of the Institute :

The institute of engineering was established by Jiwaji University, Gwalior in 2000. It has completed ten years of academic excellence. At present the institute is running B.E. courses in Electronics and Chemical. From this academic session the institute is planning to start two new branches viz. B.E. Electronics & Telecommunication and B.E. Computer Science.

Profile of the course :

The main objective of the course is to impart education in the field of Electronics Engineering and Chemical Engineering leading to the degree of Bachelor of Engineering. It also generates and channelises potential manpower for industries by providing job opportunities for young and aspiring students of this region.

Eligibility : Higher Secondary (10+2) / Intermediate with Physics, Chemistry & Mathematics.

Available seats : Electronics = 60 Chemical Engineering = 40

Mode of admission : Through MPDTE Bhopal (PET/AIEEE).

Contact Person Prof.D.C. Tiwari, Director Prof. A. K. Shrivastava, Dy. Director

Visiting Faculty :

Dr. R. A. Dwivedi	Ms.Urwasi verma	Ms.Priyanka Atri	Mr. Ajai Mawai
Mr. Atul Panday	Ms. Alpana Sharma	Ms.Sonam Seth	Mr. S K Verma
	Ms. Rashmi Gupta	Ms. Neha Rusia	Mr. Deepak Gupta
Mrs. Neetu Sikarwar	Ms. Reeta Bhadoria	Ms.Mini Bhola	Mr Vivek Sharma

Course Structure :

There are five theory papers and four practicals in each semester. In the final semester a project report has to be submitted on various topics of industrial interest.
