INDIRA GANDHI ACADEMY OF ENVIRONMENTAL EDUCATION,
RESEARCH AND ECOPLANNING

Programme Offered:
1. M.Sc. Environmental Science
2. M.Phil.
3. Ph.D.

Profile of the department:
The department was established during the VII-Plan in 1988 by University Grants Commission. Modern civilization endowed with the power of Science and Technology has been responsible for local, regional and global changes in the biosphere, which in its own turn has altered the quality of human life. This has also resulted into ecological problems like population explosion, migration, rehabilitation, urbanization, industrialization, flood, desertification, land degradation, pollution, loss of biodiversity etc. These all have originated as a result of inadequate and faulty planning associated with irrational use of the natural resources, more so, the non-renewable resources. In a bid to achieve excellence in agricultural and industrial fields, earlier nation five year-Plans seem to have turned their back towards possible damages to the environment, so necessary for sustainable development. There is thus a growing need for such educational programmes which impart knowledge about the delicate interactions between various environmental factors to harness a sustainable symbiotic co-existence of Man with Nature. The curriculum of environmental science has, thus, been designed to incorporate and integrate the subject matters from a large number of disciplines. In its true sense the environmental science is not only multidisciplinary but has emerged out as an integrated subject. It embodies bulk of information pertaining to health education, medicine, life sciences, earth sciences, engineering, architecture, anthropology, history, culture, economics, ethics, psychology, etc.

1. M.Sc. Environmental Science: (Two years / Four semester)

Eligibility: B.Sc. with 50% marks with Life Science subjects

Available Seats:
- Open = 30
- Payment = 10
- NRI = 06

Mode of Selection: On the basis of the Index based on the merit in qualifying examinations.

Contact person: Prof. Rekha Bhadauria, Director

Prof. Y.K. Jaiswal, Dy. Director

Visiting Faculty:
- Prof. P. Rajaram
- Prof. R.J. Rao
- Dr. S.N. Mohapatra
- Prof. Sheelwati Agrawal

Course Structure:

<table>
<thead>
<tr>
<th>I – Semester</th>
<th>II – Semester</th>
<th>III – Semester</th>
<th>IV – Semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fundamental of Environment, Climate &amp; Soil Science</td>
<td>Air, Noise Pollution &amp; Control</td>
<td>Earth Processes, Hazards and Risk Assessment</td>
<td>Global prospects towards environmental ethics &amp; Sustainable development</td>
</tr>
<tr>
<td>Environmental economics, Natural resources</td>
<td>Hazardous waste treatment, Solid Waste Mngt. and Occupational health</td>
<td>Environmental Administration, Law &amp; Judicial Attitude.</td>
<td>Practical-I / Case studies</td>
</tr>
<tr>
<td>Energy and Environment</td>
<td>EIA, EMS and EA</td>
<td></td>
<td>Field work / Projectwork. Dissertaton</td>
</tr>
<tr>
<td>Practical - I</td>
<td>Practical – I</td>
<td>Practical – I</td>
<td>Practical – II</td>
