National Seminar on
"NEW HORIZONS IN LIFE SCIENCES -
PROSPECTS AND CHALLENGES"

March 21-22, 2018

Organised by

School of Studies in Botany
Jiwaji University
Gwalior (M.P.)

Dear Colleague,

It is a matter of great pleasure that School of Studies in Botany is organizing a two day National Seminar on "New Horizons in Life Sciences Prospects and Challenges". The seminar is being organized with an objective to provide an opportunity to academicians, researchers and professionals in different part of the country to exchange their research findings in the concerned area. This Seminar would also provide a platform to budding research scholars for interaction with the

Jiwaji University

Jiwaji University, established on 23 May 1964, comprises over 88 courses 12 faculties and over 398 colleges affiliated to it. During the XII Plan the University volunteered for assessment and accreditation by National Assessment and Accreditation Council (NAAC) of UGC and has been accredited with "A" grade.

SOS in Botany

School of Studies in Botany is one of the maiden departments of the University and runs M.Sc., M.Phil., Ph.D. and D.Sc. programmes. Laboratories are adequately equipped with modern equipments and computers. Over 250 students of this department have been awarded doctoral degree. A good number of research projects sponsored by various national and international agencies have been completed and several are presently going on. Over 700 research papers and a number of books have been published by the teachers of the department. Since its inception the department has organized several conferences/ seminars/ symposia and workshops. experts from diverse fields of life Sciences.

Gwalior

The historical City of Gwalior (M.P.) is located in the northern part of the state of Madhya Pradesh, Historically this region was inhabited by the Mauryas, Shungas, Nands, Guptas, Kushanas in the past and later by Tomar, Rajputs and Scindias, Gwalior is famous for its fort, archaeological monuments, music, Gurudwara and caves of Jain

temples, Gwalior is well connected by all types of transport. It lies on the New Delhi – Chennai, New Delhi – Mumbai main line of North Central Railway; situated nearly 318 km. to the south of New Delhi and 359km. to the north of Bhopal.

Weather : During March the temperature lies around 30°C to 35 °C at Gwalior.

Objectives:

- Awareness to academicians about new and emerging fields of life sciences.
- To have an update information about advance research policies and activities.

Sub Themes:

1. Biodiversity - Present status and conservation future scenario.
2. Conservation and management of plant resources.
3. Microbial diversity and its present status.
4. Biotechnology: Its role in conservation of plants.
5. Role of NGOs in conservation of biodiversity.
6. Plant, Animal, Fishery Sciences and Aqua Culture
7. Agriculture and Forestry Sciences.
8. Biomedical and Pharmaceutical Sciences.
9. Ecology and Environmental Sciences.
10. Food Sciences.
11. Role of Nanotechnology in life sciences.
12. Medicinal plants and their sustainable utilization.

Abstract:

Abstracts are invited on the identified-themes of the conference (not exceeding 200 words) in MS word font size 12 (Times New Romans) 1.5 spacing. The abstract should contain title of the paper along with the name, address and email of the author(s).

- The name of the presenting author should be marked with an asterisk (*).
- For poster presentation size of the poster should be 3 X 4 feet.

The abstract should be sent before 05 March, 2018 to **Dr. Sapan Patel**, 'Organising Secretary'. Organisers humbly request the participants to kindly send a copy of the abstract through e-mail to: nationalseminarju17@gmail.com

Registration:

All participants are requested to get registered by filling the enclosed proforma and send the same along with registration fees. The Organising Committee shall be pleased to send a formal invitation letter if it can help in the arrangement of travel expenses.

Registration Fee (Rs.)

Category	before 28.02.18	After 28.02.18	On Spot
Academician / Scientist	1000/-	1200/-	1500/-
Research Scholar*	700/-	1000/-	1200/-
Accompanying Person**	500/-	800/-	1000/-

*Research scholars must submit a certificate of status from their Head. Research Associates will be considered under delegate category.

** Not entitled for Registration Kit and other materials

NOTE: organizing committee will not pay the travel and other expenses
